## Spring 2021

At last, it's here. If ever there was a Spring to put a spring in your step, this is the one. What an awful Winter we have had, but now we can move on and enjoy what is ahead.

These images proclaim the changing of the seasons, as the faithful old Bergenia once again leads the way with an early pink floral tribute. Most of the year it's big elephant ears just flop around looking quite dull but at this time of the year it delivers the goods, despite existing in total shade.

Everyone's favourite, the daffodil each year rises from the cold Winter soil to flaunt its golden trumpet almost in defiance. (forefront) we see the rose bushes starting to burst into leaf.

We await with anticipation, for the master plan to unfold around us once again in all its splendour.

### GUILD

I wonder if anyone has, like me, been thinking of whether, how and when our social activities could resume. Guild has been an important part of the life of the church on the London Road site for a very long time. Sadly, over the past year we have lost 3 more members through death and illness and my feeling is that the group will not be able to continue, at least in its previous format.

At a recent Leadership Team meeting we decided that social events such as Café and Guild would not be able to recommence before September, so I would like to suggest that Guild members meet together in September for a Fish and Chip Supper where we can chat and decide how to proceed. There will be 'loose ends' to tie up even if we decide to disband.

Please think about this and let me know your thoughts.
